Termite Biology and Control 2013  
ENY 4221 / ENY 6248  
2 credit hours  
Ft. Lauderdale Research and Education Center  
University of Florida  
3205 College Ave.  
Ft. Lauderdale, FL 33314

Dates: Registration Deadline is Friday, May 10, 2013.  
Lectures and Laboratory Activities June 10-14, 2013 8:00-5:00 daily.  
in FLREC Teaching Lab Rm 12  
Exam and Term Papers due Friday July 26, 2013  
Grades due Friday, August 9, 2013

Instructors: Dr. Rudolf Scheffrahn (954) 577-6312 rhsc@ufl.edu  
Dr. Nan-Yao Su (954) 577-6339 nysu@ufl.edu  
Dr. William Kern, Jr. (954) 577-6329 whk@ufl.edu

Teaching Assistant: TBA

Course Objectives:  
• Students will learn about the natural history, ecology, behavior, and distribution of all seven major termite families.  
• Students will be able to recognize three major termite families and 16 important genera.  
• Six primary invasive pest species must be recognized to species.  
• Students will produce a reference collection of termites for their future use.  
• Student will learn and gain field experience in a range of techniques for the collection and control of subterranean and drywood termites.

Topics to be covered  
Monday  
8:00 Introduction to the Isoptera  
   Anatomy and Terminology – Su  
   Higher Taxonomy - Scheffrahn  
   Evolution – Su  
   Ecological Significance – Su/Scheffrahn  
12:00 Lunch  
1:00 Biology and ecology of Kalotermitidae – Scheffrahn  
2:00 Biology and ecology of Rhinotermitidae – Su
3:00 Principles of IPM and the Use of Bait and Alternative Technologies for Control of Subterranean Termites – Su

4:00 Biology and ecology of Termitidae - Scheffrahn

5:00 Biology and ecology of “minor” families (Hodotermitidae, Serritermitidae, Mastotermitidae, Termopsidae) – Scheffrahn

5:30 Welcome Dinner

Tuesday
8:00 – 12:00 Termite collection field trip to FLL property or Secret Woods Park – Scheffrahn/Kern
1:00 – 5:00 ID Laboratories (Rm 205) Scheffrahn

Identification of Important Rhinotermitidae Laboratory: Coptotermes, Heterotermes, and Reticulitermes, Prorhinotermes.

Identification of Important Kalotermitidae Laboratory: Cryptotermes, Incisitermes, Neotermes.

Identification of Important Termitidae Laboratory:
Apicotermitinae – Anoploptermes parvus
Macrotermitinae – Macrotermes
Nasutitermitinae – Nasutitermes corniger
Termitinae – Amitermes, Microcerotermes, Termes
Syntermitinae – Armigermes, Rhynchorotermes

Enteric Valve Armature (EVA) dissection of A. Parvus

Wednesday
8:00 Fumigation preparation and introduction field trip. Kern/Scheffrahn

10:00 Fumigation Techniques for Drywood Termites – Structure preparation, dosage calculations, safety procedures, gas introduction, monitoring, clearing procedure. Scheffrahn

11:00 Alternative Techniques for Control of Drywood Termites – spot treatments, removal, heat, cold, microwave, Electrogun, etc. – Kern

12:00 Lunch

1:00 – 5:00 ID Laboratories (Rm 205) Scheffrahn

Thursday
8:00 – 12:00 Liquid termiticide field trip. Kern
12:00 Lunch

1:00 – 2:30 Use of Liquid Termiticides for Control of Subterranean Termites – Pre-construction and Post-construction - Kern

2:30 – 5:00 ID Lab to review for Friday’s Practical Examination.

Friday

8:00 Identification Practical Examination and Turn in Termite Collection.

9:30 – 2:00 Subterranean baiting technology field trip. (Active site and station installation, lunch in field) - Su

2:00 – 2:30 Construction, landscaping, and building maintenance practices to reduce the likelihood of subterranean termite infestations. – Kern

2:30 – 3:30 Biological control in termites, potential and delusion. – Dr. Thomas Chouvenc

4:00 Project topic assignments, wrap-up.

Course Requirements
Production of a Termite Reference Collection containing at least three families is to be completed by June 14, 2013. Cooperation and trading of specimens between students is encouraged. This is a non-graded requirement and opportunity for students to produce a useful personal voucher collection.

</tbody>
</table>

Deadlines for turning in the final exam and term paper / project (for Graduate Students) are firm. A penalty of 10% per day will be levied for each day they are late.

These are the performance expectations for a take-home, open-book examination. All questions are to be answered fully and completely. Outside resources are expected to be used and citations given in order to fully answer each question. Since a dictionary is allowed, misspelled terms and names are not acceptable. Properly labeled drawings often are very helpful. You may not use figures or tables directly from the WEB, class folders, or scanned from the text. If you find figures or tables that help you answer questions you must re-draw them. Budget one to four hours per question for research and writing. No question should require more than six hours.
**Attendance Policy**
Because of the concentrated nature of the lecture portion, attendance during all 5 days of lecture is strongly encouraged. If you miss the practical exam on the Friday morning of the lecture week and have a legitimate excuse, you will be responsible for contacting the instructors about scheduling a make-up exam.

**Grading scale:**
- A = 93-100 %
- A- = 90-92 %
- B+ = 87-89 %
- B = 83-86 %
- B- = 80-82 %
- C+ = 77-79 %
- C = 73-76 %
- C- = 70-72 %
- D+ = 67-69 %
- D = 63-66 %
- D- = 60-62 %
- E = Less than 60 %

**Texts**
Selected readings and references will be copied and available on the first day of Class.

**Recommended Literature**

Useful Equipment and materials
Appropriate field clothes for warm humid weather and rain, insect repellent, a camera, and canteen or water bottle for field trips.

Academic Honesty: As a result of completing the registration form at the University of Florida, every student has signed the following statement: I understand that the University of Florida expects its students to be honest in all their academic work. I agree to adhere to this commitment to academic honesty and understand that my failure to comply with this commitment may result in disciplinary action up to and including expulsion from the University.

*We, the members of the University of Florida, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.*

Copyrighted Materials and Software Use: All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are against University policies and rules, disciplinary action will be taken, as appropriate.

Accommodations for Students with Disabilities: Students requesting classroom accommodation must first register with the Dean of Students’ Office. The Dean of Students will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation.

UF Counseling Services: Resources are available on campus for students having personal problems or lacking clear career and academic goals that interfere with their academic performance. These resources include:
1. University Counseling Center, 302 Peabody Hall, (352) 392-1575, personal and career counseling
2. Student Mental Health, Student Health Care Center, (352) 392-1171, personal counseling.
3. Sexual Assault Recovery Services, Student Health Care Center, (352) 392-1161, sexual counseling.
4. Career Resource Center, Reitz Union, (352) 392-1601, career development assistance and counseling.
5. Local Counseling Resources.
